and what have you
by BOB CRAIG

Tuesday night the people of Hamlin will be given an opportunity to help one of the finest organizations of its kind in the country when the Easter Seal drive is conducted here. The chief benefactor of the drive is the West Texas Rehabilitation Center in Abilene. The whole operation of the Center is based on the theory that the people of this area can take care of their own problems without looking for supposedly free tax money to take care of the problems. But if you and I don't give our share the Center will soon get to the point that it will have to curtail its operations like the Gonzales Warm Springs Foundation has been forced to do. Or else it will be looking for money from some state or federal source.

Many local people have received and are receiving help from this organization that would otherwise be without this aid. When the woman comes by your house Tuesday night give all you can.

Saturday is the final day to purchase car tags and there are probably a great many people left who still have not secured theirs. April 15 is the deadline for having your car inspected.

This past week end I was the guest of Champion Paper Company for a tour of their paper mill in Houston. For someone out here in dry West Texas the most impressive thing about the mill was the fact that they use 30 million gallons of treated water a day. To fully realize how much water this is you have to remember that in the peak of the summer we use about one million gallons of water a day.

It is hard to ask or expect a large turnout at either the City or School Election when the candidates are unopposed. But the voters should turn out and vote in the race if for no other reason than giving them a vote of confidence.

Following the Lions Club's pan cake supper Friday night it seems that the club needs to make some changes before next year.

They need to do some public relation work with the scout troop they sponsor—it seems that several of the scouts in selling tickets for the supper were trying to sell tickets to either the Jaycees' pancake supper or chili supper. Even one of the Lions bought one of the tickets thinking he was buying tickets to a Jaycee function.

The other problem seems to be in pricing. It might be better if they charged 75c for the kids and 50c for the adults after one of the boys Friday night went back for more four times, eating 11 pancakes and an untold amount of bacon. Whether he was really that hungry or was just trying to get turned down so he could get his money back on the guarantee isn't known. It might have been cheaper to give him back his money.

4-H Talent Show Planned Monday In Aspermont

The annual 4-H Talent show will be held at the Aspermont auditorium Monday at 7:30 p.m. There will be two age groups, seniors that are 13 and over, and juniors who are 12 years old or younger. The two divisions include musical numbers and readings or acts.

Junior and senior winners in each division will get to go to 4-H Camp free in August. The over-all winner in both groups will represent Stonewall County in the District Meet at Wichita Falls May 5.

Admission is 50c for adults and 25c for school children.

ANNUAL SENIOR CLASS PLAY SCHEDULED FOR FRIDAY NIGHT

On Friday, March 30, at 7:30 p.m., in the high school auditorium the Senior Class of Hamlin High School will present their annual play, "Love Is Too Much Trouble." The play, a three-act comedy by Guernsey LePelley, is under the direction of Mrs. Joe Wayne Carter. The characters are: "Toasty," proprietor of the Poison Pot, Sandra Smith; Joe Burke, a college boy with troubles, John Ferguson; "Pinky" Hamilton, also with troubles, Jerry Warnell; "Oggy" McClosky, a science student, Wayne Gray; Connie Ashton, working her way thru college, Laverne Williams; Ebb Dunham, a happy-go-lucky

college girl, Precilla Trotter; Flo Dunham, her sister, Floris Carlan, Shirley Bradford, a campus belle, Velta Hastings; Sugar Lou Jackson, a southern charmer, Joyce Shields; Monica Bates, who loves the atmosphere, Thelma McClung; Mrs. J. Worthington Bates, her rich mother, Linda Bingham; Dr. Pillsy, President of Ivy Gate College, Barry Cheshire; Miss Emily Ross, Dean of Women, Janice Wilgus; Cliff Hayward, a well-meaning band director, Raley Smith.

Prompters and understudies are Lucille Decker, Odean West, and Johnny Stovall.

Tickets may be purchased from any member of the senior class.

Adults tickets are 50 cents and students are 25 cents for general admission. Reserve seats are 25 cents extra.

The class members ask that people come and laugh at the antics of the college students as they shock the Dean of Women and finally win the support of their college president. The Poison Pot does have a more appetizing name, but the name which the students gave it suits the surroundings.

For Freedom In Your Future

WASHINGTON, D. C.—Mrs. Lyndon Johnson approves the design for the official poster of the Freedom Bond Drive shown here by Mrs. U. S. Savings Bonds of 1962, Emily Terrill of St. Helens, Oregon. The lettering reads: "Keep Freedom In Your Future With U. S. Savings Bonds. Buy an extra bond today." Mrs. Terrill, as Mrs. Oregon, was chosen from among the 51 state candidates for Mrs. America's crown at Fort Lauderdale, Florida, last November to be the Treasury's volunteer ambassador of good will for the Savings Bonds program. She met with the Vice President's lady and other women leaders to go over plans for women's participation in the nation-wide Freedom Bond Drive this May and June.

KEEPING BUSY—Hamlin Lions Club members were kept busy Friday night feeding the 400 or more customers at their annual Pancake Supper. Shown cooking and serving in the above picture are Donley Williams, Lloyd Burkhardt, Robert Snyder and Lester Minton. Seen in the background are Arlie Cassle and Sonny Holzmann. Besides the untold number of pancakes served, over 50 pounds of bacon was consumed by the large crowd.

JONES COUNTY MAKING NEW TRY FOR BRUCELLOSIS TESTING

Jones County is making one last effort to get County Livestock Producers signed up for the Brucellosis Testing Program, according to information this week from County Agent, Kirby Clayton. Charlie Myatt, chairman of the Jones County Animal Health Committee is mailing to each livestock producer in Jones County who has cattle listed on the tax roll, a separate petition to sign and return to the Farm Bureau in Anson. When and if all the petitions

are signed and returned, Jones County will be in position to petition the State for a Brucellosis Testing Program which will lead to a Modified Certified Brucellosis Free Area for Jones County. In the past Jones County Livestock Producers have suffered quite a loss in the sale ring on their cattle because they were from a non certified county.

Myatt urges all livestock producers who receive the certificate to sign immediately and return it in the self addressed and stamped envelope to the Farm Bureau in Anson. It is necessary for you to sign, even though you might have signed a petition in the past, explains Myatt.

If you have further questions on the Brucellosis program, please direct them to your County Agent or Vocational Ag. Instructors in your area.

With more than a half dozen quartets and a number of other special singers already committed, the 70th annual Jones County Singing Convention Sunday, April 1, promises to be the best in several years, officers of the organization said this week. The place will be the Anson High School auditorium.

Special singers for the program to begin at 10:00 a.m. already lined up include the Stamps Quartet of Dallas, Gospelaires and Key City Quartets of Abilene, quartets from Clovis, N. system, furnished by Gulf Oil Corporation will be used in the auditorium and will include outside speakers for the benefit of persons who are unable to find seats in the auditorium. Officers making arrangements for this year's convention are Gene Scott, president; Larry Holmes, vice president and Mrs. Larry Holmes, secretary.

The Anson Chamber of Commerce assists with the local arrangements for staging the convention this year, including publicity and setting up the stage.

The Jones County singing Convention, featuring gospel singing, is the outgrowth of a meeting of old time singers in the Jones County courthouse in Anson in 1892. The organizer and first president was C. Spurling. In more recent years Anson was made the permanent home and for many years the event attracted overflow crowds, the attendance reaching 5,000 a number of times.

40 Years Ago—

All persons who own dogs and expect to keep them in the City of Hamlin must pay a tax on or before April 1, 1922. Pay your dog taxes at the City Hall . . . Major Joe Culbertson was here Sunday and Monday visiting his parents, Mr. and Mrs. J. C. Culbertson and somebody (?) else . . . Mrs. P. A. Fowler was hostess to the Woman's Literary Club, Friday afternoon . . . It will be interesting to know that Jones County is the first county in the state to organize it a LEGION COUNCIL. The council is represented by the four Legion Posts in this county: Stamford, Hamlin, Anson, and Lueders.

25 Years Ago—

Hamlin welcomes the officers, delegates and visitors to the P-TA Conference. National and state officers are attending the conference . . . One of the most pronounced examples of "modernization" of buildings in Hamlin recently is the home of Mr. and Mrs. J. J. Waggoner, on Jackson

Avenue. This home is one of the pioneer residences of Hamlin and has been noted for its variety of trees, shrubbery and flowers . . . C. C. Renfro, who has been confined to his home four miles east of Hamlin for several weeks because of a bad case of erysipelas in one of his feet, is again able to come to town and walk about some.

15 Years Ago—

Hamlin's modern street-lighting system will probably be turned on within a few days, according to B. M. Brundage, manager of West Texas Utilities Co. . . . Voters of the Hamlin and Bethel school districts will go to the polls Saturday to vote on consolidation of the two districts . . . Sale of the Banner Ice Company of Abilene, was agreed upon at a meeting of the City Council with Mr. Dillingham Thursday afternoon, Mayor Holly Toler informed The Herald this week.

10 Years Ago—

Interest in the city election at Hamlin was reaching fever heat as next Tuesday, the day for voting for mayor and three aldermen and for expressing opinion on the parking meters, neared. Voters in record numbers were expected to turn out for the balloting . . . Eight first and second grade classes moved into the new \$142,000 Primary School building for work Wednesday morning, reported Mrs. Fred Smith, principal of primary schools . . . NEINDA PHILOSOPHER CLAIMS TOURIST BUSINESS IS FINE UNTIL ALL OTHER STATES GET IN ON IT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a backward look at the tourist business, his letter this week reveals.

I read the other day that a state official said Texas isn't getting all the tourist dollars it ought to and more effort ought to be spent getting more people to visit us, that not only is the state worth seeing but tourists leave a lot of money around when they come through.

This made sense, but then the next day I read where another state was making the same plea, then the article

went on to list the amount of revenue several other states report they get from tourist dollars.

Now I'm no mathematician, but if Texas pulls a hundred thousand visitors from New Mexico, and then that state pulls a hundred thousand from Texas, it looks to me like the net gain will stay about what it was before the tourists left home, although filling station people in both states won't agree.

If all 50 states are going to increase their wealth by increasing their tourists business each one pulling visitors from all the others, it looks to me like it'll wind up about the

same total revenue every state had to start with.

For example, if Oregon pulls a million tourists from Texas and Texas pulls a million from Oregon, or New York gets a million from California and vice versa, or any other combination you want to name, won't this be about like everybody in Hamlin trying to make money by taking in each other's laundry?

Understand, I don't blame the states for trying to pick up some tourists money, every state I ever heard of needs more revenue, and the tourists business is here to stay, come summer and the people will strike out, but I hope no state is looking to me to help them out. Frankly, I ain't going. I intend to stay right here on this Johnson grass farm and see it on television.

Yours faithfully,
J. A.

I'm a candidate for the Texas Senate. I want to stop this Highway Robbery.

There was a time in Texas when people were afraid to go from one town to another for fear they would be robbed. In those days, the man that stopped you was the same man that robbed you.

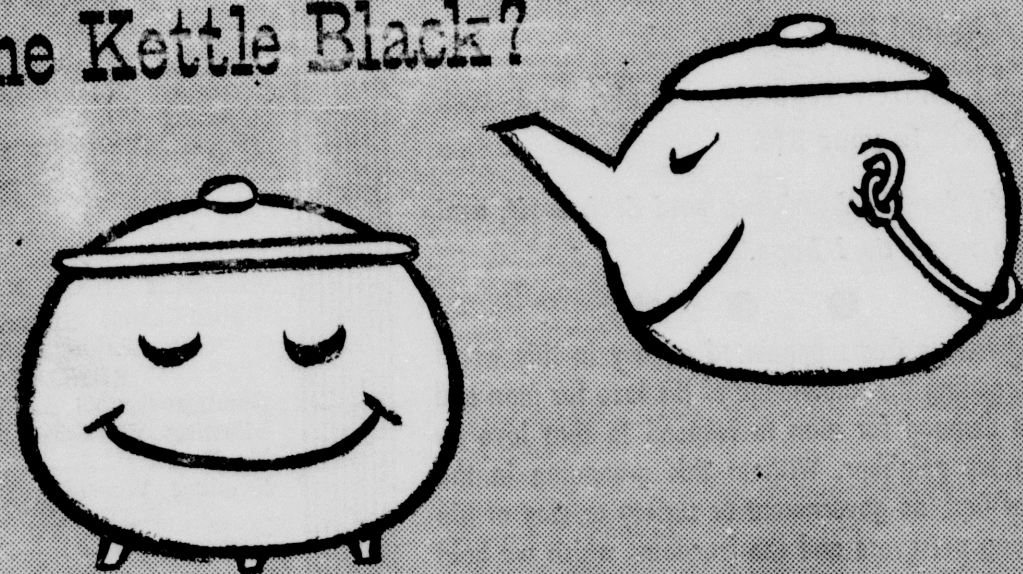

Nowadays, a cop stops you with radar, and your insurance company robs you for the next three years by increasing your premiums.

Friend of mine in Rotan says if that ain't highway robbery he'll eat his hat.

TEXAS PRESS ASSOCIATION

AUSTIN — Candidates for governor now are quarreling over legislative redistricting... which would give the metropolitan cities more strength.

Official figures plus some estimates reveal 1,250,429 qualified voters in the 12 counties which contain cities of 100,000 or more. Offhand this would indicate that the 12 "big city" counties would have more than half the votes in the state.

Another fact to consider is that rural people go to the polls regardless of the weather, while inclement weather keeps many city folks home.

December 22 was the most

deadly day... 23 people were killed in 15 fatal accidents. Col. Homer Garrison Jr., director of the DPS, remarked, "It is a sobering thought to realize that the number of persons killed on Texas streets and highways was greater than the populations of most Texas towns."

Fourteen counties were free of fatal accidents in 1961—Borden, Brewster, Delta, Hansford, Hardeman, Kent, Lipscomb, Loving, Mason, Roberts, Somervell, Sutton, and Upton.

The return address reads: Bashir Ahmed Sarban (Well-Known Camel Cart-Driver) 27, Corner Chambers, 181, McLeod Road, Karachi, Pakistan.

There was quite a furor when that "Bashir" retired his camel and accepted a gift of a new Ford. Could he be planning to return to America and motor through the Lone Star State.

Jacinto, also is buried there. Governor Daniel has been urging that the de Zavala homestead and cemetery acreage be set aside for state or county park purposes.

When democratic county clerks in Harris and Galveston counties said they would attempt to nullify the republican primary nominations unless GOP primaries are held in every voting precinct in their counties, GOP state chairman Tad Smith dug up a 1952 opinion on the matter by the then attorney general, Price Daniel.

The 1952 ruling states that a county clerk does not have the authority to determine questions of irregularity or illegality where a certificate of nomination is regular on its face.

Members of the State Bar Association voted 4,532 to 1,012 in favor of a proposed constitutional amendment for local option abolition of justice of the peace courts.

Danger of Fires Stressed by Range Specialist
College Station—The prevention of wildfires in the range and timber areas of Texas is of the utmost importance at this time.

Ground cover is very dry, and once a fire has gotten a start, its control is difficult, points out the specialist. Prevention, thus, becomes even more important.

Fire at this time not only deprive the stockmen of much needed forage but will also cause other damages, says Ragsdale. The vegetative cover

The RESPECTED WORD
The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.
The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.
Attend church regularly, study, and seek God's will in your life.
"I wait for the Lord, my soul doth wait, and in his word do I hope."
The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

AIRVIEW NEWS--

By MRS. ELMER JOINER

Monday morning has dawned again clear, cool, with a beautiful spring day—until the wind begins to blow. We have had all kinds of weather the last week, the best which was most an inch of rain. This is really a boost to the wheat at is looking very promising right now.

Attendance was good at the Airview Church Sunday, despite some sickness. Mrs. Derrell Lewis, Ricky and D. J. were present as Ricky was ill. Mrs. Davil Holmes is a patient in the Hamlin Hospital, with a good case of flu, but is feeling better and should be home soon.

Ordination services have been set for April 8th at the Fairview Church when the new pastor, Derrell Lewis, will be ordained. Those taking part in the service will be the Rev. Jack Strickland of Big Spring, former pastor of the Rev. Lewis; Rev. T. M. Harrell, pastor of North Central Avenue Baptist Church, Hamlin; and the Rev. Combs, former pastor of Fairview.

A fair crowd attended the mid-week service Wednesday night, and a wonderful time was reported by those attending. Prayer services were com-

bined with a gospel singing and every different song book was used, so they really covered the field. This coming Wednesday night prayer services will be combined with the regular Family Night at the church. All those living in the community or out, whether you are a Baptist or not, are cordially invited to be with us and enjoy the fellowship and refreshments with us. Since this will be our first family night with our new pastor, we are hoping for a good crowd.

A good number of people of our community attended the annual REA day at Stamford last Wednesday. A barbecue lunch was served at noon, which was combined with a good program, made a very nice day.

Mr. and Mrs. E. A. Henry report several visitors last week. Mr. Henry's brother, Mr. and Mrs. Warren Henry, Lubbock, spent Friday night with them. A sister-in-law, Mrs. R. O. Henry of Rule, also visited them over the week end.

Linda Goodwin went with a choral group from the school, as pianist, last Friday, to Hardin-Simmons to attend and compete in the contest held

there. Hamlin's group that Linda was with were happy to win third place.

The Chairmen of the Church Achievement Program Committee met last Friday night in the home of Mr. and Mrs. Woodrow Goodwin, to get the program started and discuss the projects to be worked on this year. Those attending were Rev. and Mrs. Lewis and children, Mr. and Mrs. H. L. Ford, Mr. and Mrs. Winson Gray, Mr. and Mrs. Fred Rosenbaum, Mr. and Mrs. Elmer Joiner and the Goodwins.

Mr. and Mrs. C. J. Renfro, who have been residing in a rest home in Roby since he has been ill, returned home Sunday. We are sorry to report that Mr. Renfro isn't feeling any better, but wanted to be home for a while.

Mrs. E. A. Henry visited with Mrs. Ralph Riddle and Sharlot Monday afternoon. Mrs. Sharlot Gabriel recently had surgery, but is reported to be feeling better.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon to visit with their cousin, Mrs. Arthur Rutherford. She had been in the hospital with an injured back, but returned home Sunday, although she is still in a painful condition.

Kay and Billy Hodnett were jubilant Saturday over the birth of a pretty little colt to their mare, but were saddened Sunday when it died. The little fellow seemed to be fine but just didn't make it. Billy was planning to give it a "decent burial," as he expressed it.

An aunt of the pastor, Mrs. Shelton, from Abilene, was in both services Sunday, and Sunday night she was accompanied by her sister, Mrs. Johnny Lewis, mother of Rev. Lewis. Other visitors Sunday were Mr. and Mrs. Ted Wright of Abilene visiting with Mr. and Mrs. Jack Wright.

Mrs. Fred Rosenbaum is getting her kitchen all redone, including new floor and covering and her cabinets covered, which all looks very pretty.

Mr. and Mrs. Mel ones visited Saturday and Sunday with Mr. and Mrs. John O'Neal. Mr. O'Neal spent several weeks in the hospital but has been home the past week.

Mr. and Mrs. E. A. Henry went last Wednesday to Snyder to see their son, Clois, and family.

Mr. and Mrs. Jimmy Joiner and children spent the weekend with Mr. and Mrs. Elmer Joiner.

The women of the Fairview church are endeavoring to get an automatic percolator to be used for church affairs, through the Group Project Plan of the Gold Bond Stamp Company.

They have a credit of 750 points from the coupons turned in at the Safeway store, which appeared in the Hamlin Herald recently. More information will be given as soon as we learn just what the plan is and how to gain points.

Paper Sponsoring Child Photograph Contest April 11

The time is almost here for the opening of this newspaper's Big Child Photograph Contest, and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Texas, will be in Hamlin on Wednesday for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge and there is no charge for their publication in The Hamlin Herald. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish an extra photograph or photographs, they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may all appear in The Hamlin Herald. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Wednesday, April 11th at White Plaza. Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper—make plans now to have these photographs made on Wednesday, April 11. Tell

your friends and neighbors — the more, the merrier.

Celotex Corp. Pays Dividend

Chicago—The Celotex Corporation today declared the regular dividend of 25 cents per share on the preferred stock of the company, payable April 30, 1962, to stockholders of record April 6.

No action was taken with respect to dividend on the common stock, at this time, according to Henry W. Collins, President of the company because of a continuation of the demoralized prices now prevailing in the insulation fiberboard division of the company's business which have adversely affected the earnings of the company.

Celotex earlier in the year paid a quarterly dividend on its common stock of 25 cents per share on January 31, 1962.
